

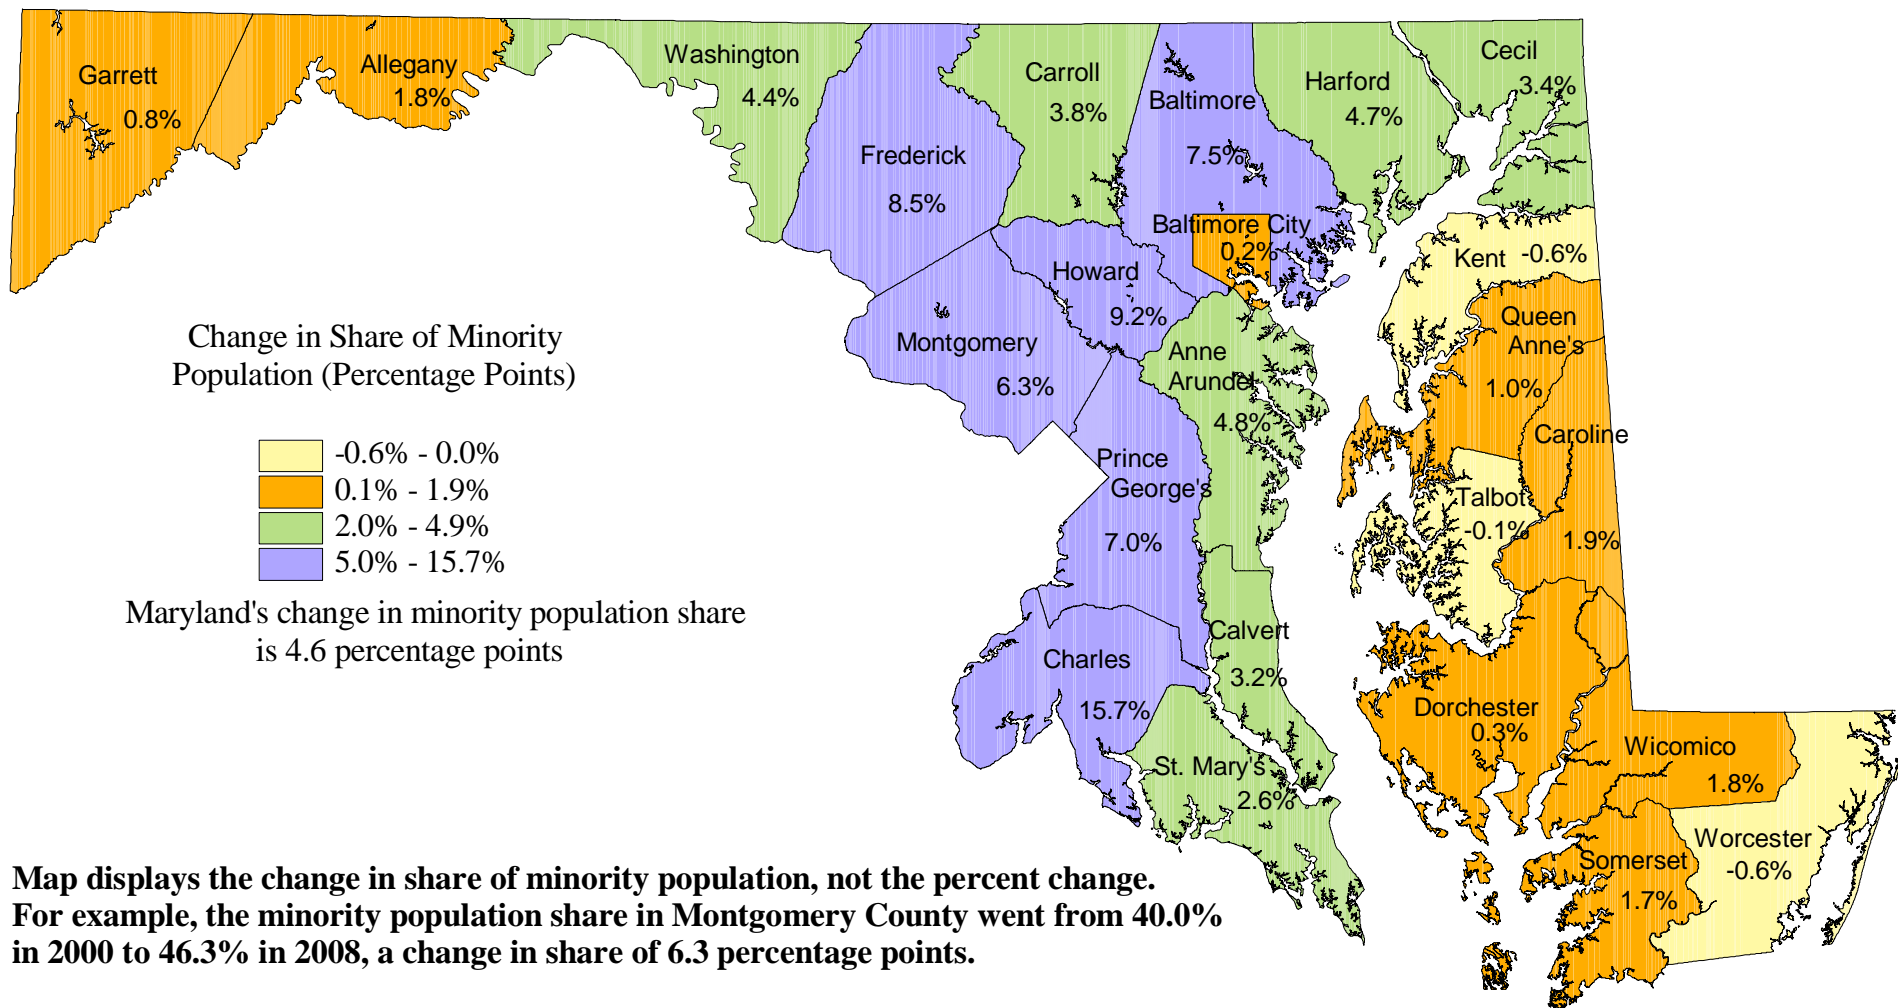

Map 3 - Percentage Point Change in the Share of Minority Population in Maryland - April 1, 2000 - July 1, 2008*

Map displays the change in share of minority population, not the percent change. For example, the minority population share in Montgomery County went from 40.0% in 2000 to 46.3% in 2008, a change in share of 6.3 percentage points.

* Minority is defined as everyone other than "Non-Hispanic White alone"
